

# STATIONS WITHIN THE STATION

3

**Underpass and Arundel mural**

Rowena will explain how the mural was created by a community artist, Lionel Stanhope, who was commissioned by Network Rail during the COVID lockdown.

4

**Planter**

Phil will explain how he made the planter and arranged for the signage which directs rail users to the station path. He will also describe how he installed the woodland and hedgerow signs as well as the solar lights.

5

**Benches**

Simon will showcase both his Arundel and Railway 200 benches. He will explain the design inspiration and describe the process of chainsaw sculpting.

6

**Bug Castle**

Terry will explain how he constructed the Bug Castle.

7

**Picnic table/forecourt**

Claude will describe the process of creating the woodland area in the forecourt (tree-work, path creation, plant propagation and tending, picnic table assembly and installation) and outline plans for a graffiti art project. He will be giving away sunflower seeds!

8

**Green Welcome Banner above office window**

Rob will explain his design concept.

9

**Painting in Waiting Room**

Sarah will describe her painting and the inspiration behind it, while Emily will showcase the South Downs National Park display board.

## A celebration at Arundel train station of the 200th anniversary of passenger rail travel

Friday 13 June 2025

**Travel through our ‘Stations within the Station’ to find out more about all that has been achieved in the last two years by Greening Arundel, the Green Team and all our supporters.**

1

**Path**

Fiona & Jo will describe the planting design for the 120m beds, as well as the tending and watering process. They will talk about the mini bug hotels and signage, as well as the installation of solar lights. They will also describe the work that has taken place behind the fence and the dead hedge planned for later in the year. They will explain the hedge improvement plan.

2

**Sunflower Parade**

Sue & Lisa will describe the Sunflower Festival held at both primary schools in March 2024 and will explain all the work undertaken by so many in producing the Sunflower Parade by November 2024.
